

**About us:** FUERF was formed in the 1970's by concerned Maryland fathers due to the gross inequities experienced by men in the implementation of Maryland family law by judges and domestic relations masters. Unfortunately, the need for our organization still exists; more changes in Maryland law are required before true justice can be achieved and the children of separating parents receive the beneficial and active involvement of both parents as they mature. Our senior members have spent many long hours entangled in the system ourselves. Come to our meetings; we can help each other.
